

Let's keep the shops open!

Use the HOIA mobile app

- Download the mobile app from hoia.me
- HOIA app notifies you if you have been in close contact with an infected person and provides the first guidelines for further action.
- When using the app, both infected and close contacts remain anonymous.

Stay home when ill

- Coronavirus or not, stay home when ill!
- Do not go out if you feel unwell or have symptoms of illness.
- You must stay at home also when you have been in close contact with an infected person.

Wear a mask in store

- If possible, wear a mask or cover your nose and mouth (for example, with a scarf) when going to the store.
- Wear a mask in enclosed spaces, where it is not possible to keep a safe distance from other people.

Wash your hands

- Wash or disinfect your hands as soon as possible after using public transport.
- Do not touch your mouth, nose or eyes with unwashed hands.

Let's stay healthy!

See the Health Board's recommendations for avoiding the coronavirus in more detail.
